Web: www.canoetrailfrinedsofmandurahandpinjarra.myclub.org.au

Mandurah Dragon Boat Club

Date & Time: Saturday 5 March, 10 am – onwards

Meeting Point: Old Yacht Club, 1A Halls Head Parade Halls Head

Activity: The Mandurah Dragon Boat Club (**Vikings**) are a familiar sight on the Mandurah Estuary as they practise their racing skills. New and experienced paddlers are welcome to team up with the **Vikings** and clean up the western foreshore of the Estuary, from Estuary Bridge to Mandurah Quay.

Contact: Linda 9583 5938 or 0405 252 639 E: linda.anderson@live.com.au

Web: www.mandurahdbc.wix.com/mandurahdbc

Closed Events:

Damien Bell and family, Bruce Tatham and friends (with Mandurah Licensed Fisherman's Association)

Activity: Foreshore clean ups at following Peel Inlet locations 1. Point Grey to Point Birch 2. Point Birch along Austin Bay up to and including South Yunderup Canals. 3. Southern Harvey Estuary south of Herron Point, Brunswick Island and Island Point.

Estuary Guardians Mandurah (with John Tonkin College)

Activity: The Estuary Guardians Mandurah is a recently formed group who have a focus on dolphins. One goal is to publish a fin guide to identify dolphins who call our estuary home. Their clean up site is the Harvey Estuary from Dawesville Cut along the foreshore to Park Ridge.

Web: www.estuaryguardians.weebly.com

Halls Head College Education Support Centre (with Department of Parks and Wildlife)

Activity: Clean up by the College's Special Needs Group on Peel Inlet foreshore at the Department of Parks and Wildlife's Len Howard Conservation Park. This site is named in memory of a champion for the local environment and it is fitting that a group of young students should be taking responsibility to clean up this conservation park.

Web: www.hallsheadcc.wa.edu.au

Mandurah Dolphin Volunteer Rescuers

Activity: This well-known and respected dolphin rescue group also monitor the local dolphin population for injured or sick dolphins as well as dolphins that may become stranded. The group has decided to clean up the Peel Inlet foreshore between Novara and Ward Point

Web: www.kirbyhs.wix.com/mandurahdolphins

Murdoch University Cetacean Research Unit

Activity: The Murdoch University Cetacean Research Unit is currently carrying out research into the Peel-Harvey dolphin population.

The unit selected to clean up the foreshore of the Peel Inlet from Ward Point to the Dawesville Channel

Web: www.mucru.org/mandurah-dolphin-research-project/

The Korn Kernels (Mixed Indoor Soccer Team)

Activity: The Korn Kernels mixed soccer team and friends are local to the Harvey area and will focus on cleaning up the Harvey Dam Boat Ramp site and surrounds, followed by a BBQ and swim!

Open to join events:

Mandurah-Murray Vietnam Veterans Group (with Dwellingup Adventures)

Date & Time: Thursday 10 March, 8.00 am – 12.15 pm

Meeting Point: Dwellingup Adventures, Newton Road Dwellingup

Activity: Volunteer paddlers welcome to join the Mandurah-Murray Vietnam Veterans Canoeing Group for this first time activity cleaning up the banks of the Upper Murray River from Island Pool downstream to Bobs Crossing. Craft and transport to river and return courtesy of Dwellingup Adventures.

Activity: Volunteers welcome to clean up Samphire Cove's parks, foreshore and road verges. Bags supplied. Volunteer's morning tea from 11am (courtesy City of Mandurah)

Contact: Barry on 9586 9504

Web: www.friendsofsamphirecove.myclub.org.au

Friends of Rivers Peel would like to thank the Event Providers and Supporters for their commitment to this event.

Closed Events:

Mandurah Offshore Fishing and Sailing Club

Activity: Members and friends of the Mandurah Offshore Fishing and Sailing Club are invited to take part in the club's clean up on the Harvey Estuary foreshore from Point Grey to Herron Point. MOFSC is one of the most well-known clubs in the Peel Region and with community partners provides Sail into Life for people with special needs or disabilities as well as another program Fishers with Disabilities

As a bonus to this event they have also arranged for divers to clean up at both the Mandurah Traffic Bridge and the Mandurah Estuary Bridge.

Web: www.mofsc.com.au

Mandurah Over 55s Canoe Club (with Department of Parks and Wildlife)

Meeting Point: Non powered launch site at Osprey Waters

Activity: Members of the popular Grey Dolphins canoe club, often seen on our waterways, continue with their over ten years of cleaning up the eastern foreshores of Mandurah Estuary from Estuary Bridge into Peel Inlet and around Channel Island.

Web: www.mandurahover55scanoecub.myclub.org.au

Mandurah Paddling Club

Activity: Clean ups have been carried out by this diverse recreational paddling club for at least three years now. This clean up includes Serpentine River foreshore upstream from Riverside Gardens Boat Ramp and Goegrup Lake.

Web: www.mandurahpaddlingclub.org.au/

Wayward Wenches (a social paddling group)

Date: Thursday 3 March

Activity: Annual clean up on the Mandurah Estuary of the historic Soldiers Cove including foreshores by a group of social paddlers who like to keep the environment pristine.

The group is often seen on their weekly paddles around the canals and estuary
